UNIVERSITY ENTERPRISE BARGAINING UPDATE NO. 19

Flinders University of South Australia

Steady progress has occurred in concluding outstanding issues in Collective Bargaining.

Matters currently under discussion include:

- implementing the new regime for casual academic staff to be paid separately for work undertaken out of class time
- amending the Disputes clause to allow unions to notify a dispute in their own right
- finalising the Reviews, Appeals and Grievance Committee clause

Please do not hesitate to contact CPSU Industrial Officer, Margaret Warner on mw@cpsu.asn.au or phone 8205 3209. Your comments and views are greatly appreciated as we strive to get an agreement that will deliver on a just and fair pay increase and restoring union rights and quality conditions for general/professional staff.
